

Press Release

17th May 2022

Removal of Terra (Luna) from ixCrypto index with effective 19 May 2022

Today, IX Asia Indexes Company Limited ('IX Asia Indexes') announced that effective from 19 May 2022, Terra (Luna) will be removed from ixCrypto Index as the latest extreme events associated with its stablecoin TerraUSD (UST) has pushed Terra from the top 10 cryptocurrencies by market capitalization within a week to rank 208th. Hedera, which is the coin with the next highest ranking by market capitalization and volume screening in the latest quarterly index review will replace Terra (Luna).

The number of constituent cryptos will remain as 19 constituents. The changes are as follows:

Addition: Hedera

Deletion: Terra
